

## Comments on the draft advice of the Climate Change Commission on the strategic direction of New Zealand's second Emissions Reduction Plan.

### Dr Thomas Neitzert.

The Climate Change Commission's draft advice on the strategic direction of New Zealand's second *Emissions Reduction Plan* is currently out for consultation.

Dr Neitzert will be presenting the main points of the advice with elaboration on relevant merits and shortcomings.

*Engineers for Social Responsibility* along with other organisations are working on submissions to the draft advice, and discussion after the presentation that informs this process will be most welcome.

**Dr Thomas Neitzert** is a professor emeritus of mechanical engineering (Auckland University of Technology). Thomas has held various leadership positions in industry and in academia in New Zealand and overseas. He is a past president and the current treasurer of *Engineers for Social Responsibility Inc.*, and is secretary of the *Wise Response Society Inc.*

**Venue:** Zoom only (no actual meeting place).
